CHIVITE LAS FINCAS ROSADO

“This special rosé-jewel can be defined as lively and persistent, with a surprising character behind its delicate appearance.”

Julian Chivite

WINEMAKING

Only a gentle, precise extraction of the juice directly on the grapes' arrival at the winery, and a strictly measured contact time with the skins ensure our drawing out the most noble part of “the berry’s core”. After fermenting at a low temperature and ageing on the lees, we obtain a wine that is complex, fine and silky.

TASTING NOTE

Very pale pink colour.

Intense nose. Very fruity (white stone fruit, pomegranate, cherry, strawberry), with a delicate floral finish.

In the mouth it is smooth, balanced, unctuous, and lively, with a character and persistence that are surprising given the wine’s delicate appearance.

ANALYSIS

ABV: 13,7% vol.
